

One Application – Multiple Job Opportunities!

2708 Custodian & 2736 Porter Jobs (Department of Public Health Only)

City and County of San Francisco

Complete details will be available for you to read on June 10-19 www.jobaps.com/sf.

Applications will be accepted on-line only from June 20-24 www.jobaps.com/sf.

All you need to do is complete one application to be considered for both positions or just one position, you decide.

Please note the 2708 Custodian is a citywide position which means all San Francisco City departments hire in this class. But if you want to increase your chances of getting hired, click “Yes” to the Airport when completing your application. The Airport will be seeking to fill **10 or more** positions.

Why consider the Airport?

- The Airport is the **largest employer of city custodians** with over 40%, so you have more chances of being hired and more opportunities for advancement
- The Airport is an **exciting place to work** and you will interact with people from all over the world
- **You will enhance your knowledge and job skills** using the Airport’s advanced technological cleaning equipment

The San Francisco International Airport (SFO) is one of the San Francisco city departments. The Airport does have a few more requirements than citywide positions but don’t let it stop you from clicking “Yes”.

Airport Special Condition-Criminal History: Be honest and thorough when completing these documents. There are three separate criminal checks, California Dept. of Justice, FBI and U.S. Customs. Read each form very carefully, as they are different.

Just a few friendly Tips: *Carefully* review the job description and qualification section of the announcement.

Preparation Resources:

- *Janitorial and Maintenance Examinations* 3rd Edition, ISBN-0910553-21-1
- *Career Examinations Series This is your Passbook for Custodial Laborer Q and A*, ISBN 0-8373-3316-4
- Department of Human Resources has application process tutorials available on their website: <http://www.sfdhr.org/index.aspx?page=5>. Also, look out for exam preparation materials in the near future on this website.
