Meet Your Local Legislators Share Your Opinions Protect & Improve Critical Services

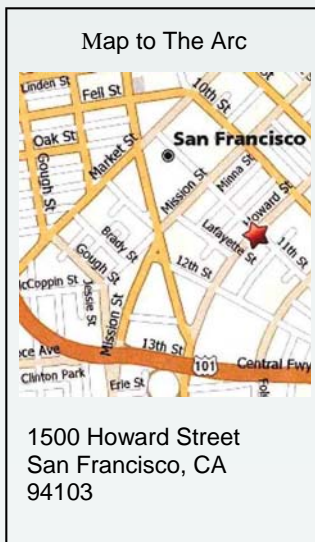

Please join The Arc San Francisco for an informative, important forum on current issues facing people with developmental disabilities, and the role state and municipal governments and advocates play in ensuring vital services are protected and improved.

When the state budget is proposed in January 2012, we must be prepared to defend the funds that make our services possible.

We cannot afford to lose the services we fought so hard to secure for people with developmental disabilities. People with disabilities—and their families—depend on these services:

- Job Development & Employment Support
- Independent Living Services
- Housing Advocacy
- Aging & Wellness Services
- Community Skills Training
- Education and Recreation

Come to the forum and learn how, when and where budget/funding decisions are made, and how you can inform and influence legislators to make the right decisions on the 2012 budget.

When: November 29, 2011 Time: 6:00-8:00pm
Where: The Arc San Francisco
1500 Howard Street San Francisco, CA 94103
