

COMMUNITY YOUTH FORUM

NOVEMBER 5TH, 2015

Let your voice be heard!

Join youth and stakeholders throughout San Francisco in the first of ongoing youth and police community forums where you will have an opportunity to engage in a positive conversation around community and youth relations. We are looking for high school students to share their opinions about their experiences within their communities, and to offer ideas on how community stakeholders should interact with youth in the multicultural neighborhoods of San Francisco. We will be providing food and refreshments!

All forums will be planned and led by youth. Youth interested in helping to plan this forum or future forums, please contact:

De'Anthony Jones | Project Coordinator | Mo'Magic | 415-567-0400
